However, emerging Indian brands like Jaypore and Good Earth pose a growing challenge with their similar focus on artisanal products and sustainable ethos. Despite competition, Fabindia maintains its stronghold by continually innovating and staying true to its values.

# COMPETITOR:1 ANOKHI

A Unique Selling Proposition (USP) is what sets a product or service apart from its competitors, highlighting its distinct features or benefits. Ultimately, a strong USP communicates why a customer should choose one product or service over another, addressing their needs or desires in a unique and compelling way.
